

**ARAB OPEN UNIVERSITY**  
**Scheme of Plagiarism Penalties**  
**(Revisited and Updated)**

Plagiarism at AOU is considered as serious academic offences and therefore dealt with stringently. Students and tutors alike are expected to comply with academic standards and rules for students' assessments that stress academic integrity.

The current plagiarism scheme of penalties and combating approach has been developed after a process of considerable analysis of the implementation and outcome of the previous policy that was designed and floated for a number of years. The scheme reinforces that curbing plagiarism cannot be restricted to merely detecting but has to lead to measures that help students identify aspects of writing that amount to plagiarism and thus develop their skills in refraining from leaning on plagiarism to communicate their work of writing. It also acknowledges the institutional role in combating plagiarism by having stricter enforcement and compliance measures by the teaching staff. This holistic approach in combating plagiarism couple with a stretched leverage of benefit of doubt to the students as compared to that of the previous policy. The current policy aims to be able to develop a plagiarism free culture at AOU.

Implementation of plagiarism policy and plagiarism scheme of penalties at AOU rests on the following three principles:

1. **Academic Integrity:** Both students and staff are expected to observe the highest level of integrity to the academic work undertaken at AOU. At no point of time should students adopt methods wherein they indulge in academic malpractice such as plagiarism and contribute towards misjudgment of their actual learning outcome. Tutors are also expected to maintain highest standards in assessing student work and at all times and have no tolerance to plagiarism.
2. **Accountability:** Tutors assessing students work are accountable at AOU to ensure that no plagiarized student work is passed. Tutors are required to document any plagiarized work found and provide justified evidence of the same. All official forms for recording plagiarism numbers and implementation has to be maintained and produced when deemed necessary.
3. **Academic Judgement:** A blanket approach to defining plagiarism for all courses cannot be applicable always. The nature of certain courses e.g; programming courses cannot be viewed for plagiarism with the same parameters as that of other courses and therefore the approach to defining what constitutes as plagiarism will be different. Since manual detection of plagiarism can be a lengthy and complicated

process especially when it involves large volume of students' work, electronic detection using plagiarism software is a feasible option. However, relying on it solely may not be the best option and therefore combination with manual analysis, nuanced academic judgement and clear processes must provide the means to determine if plagiarism has occurred.

The following is the generic plagiarism scheme for all courses except specific courses of FCS Programme.

<b>Offence ( First time)</b>	<b>Penalty</b>	<b>Further Actions</b>

### **FCS - Plagiarism Penalties**

**All level 2/5 and 3/6 modules follow the same rules**

Similarity ratios and their corresponding penalties are as follows:

1. Similarity between [50% - 69%]: deduct 20% of the marks
  2. Similarity between [70% - 79%]: deduct 40% of the marks
  3. Similarity between [80% - 89%]: deduct 60% of the marks
  4. Similarity between [90% - 100%]: Students get zero
- All papers with similarity ratio  $\geq 80\%$  should be subject to extra academic judgment from the tutor.
  - For papers with similarity  $< 50\%$ , the tutor has the right to academically judge the percentage of the undiscovered plagiarism (if exist), hence taking the proper action.

- If the assessment contains a part that is most likely to result in similar/identical students' answers, this part should be excluded from the similarity percentage.
- It is the tutor's full responsibility to implement the above rules.

Hereby, the similarity ratios and their corresponding penalties for each group are as follows:
